LEADING STRIKERS
SPRING SURPRISE

They Claim That Certificates
Have Been Improperly Issued
to New Employees.

(By Associated Press.)
WILKESBARRE, PA., August 2.—The leaders of the striking miners promise to spring a surprise in a few days. They claim that, after an investigation, they find that miners' certificates are being issued contrary to law, and that the recipients of the certificates, many of whom, it is alleged, never saw the inside of a coal mine, are being pressed into the service of the coal companies. In this way, it is claimed, the companies are increasing the number of their employees. The new men, while they may not be able to mine coal, can load it. The bosses can do the mining. Between the two will be possible for some of the mines to resume work on a small scale. The strikers claim that the certificates are not being issued by mine examining boards, but by some person or persons who have access to the official papers. Criminal prosecutions are promised.

CITIZENS' ALLIANCE REPLIES.
The controversy between President Mitchell and the Citizens' Alliance is growing in bitterness. The Alliance made reply to-day to the letter published yesterday by Mr. Mitchell. This letter read in part:

"You decline to say in behalf of the union and yourself that you condemn boycotting and violence perpetrated to prevent men from working. Indeed, you leave the distinct and unpleasant impression that you do not condemn these things. If you were sincere in your frequent protestations against lawlessness you would grant our request and give us your positive, pointed and specific condemnation of the worst type of lawlessness, which undertakes to prevent men from freely working for whom they please and upon such terms as they please."

ASSISTANCE OFFERED.
Grand Chief P. H. Morrisey, of the Brotherhood of Railroad Trainmen, has sent a letter to one of the local officers of the order, in which he says that practical assistance will be accorded to the striking miners at the opportune moment.

MEN'S & BOYS' OUTFITTERS

**STRONG EVIDENCE
AGAINST LYNCHERS**

Several Men Under Arrest for
the Lynching of Charles
Craven in Loudoun.

(Special Dispatch to The Times.)

LEESBURG, VA., August 2.—Three men have been committed in Loudoun, the guilty parties have escaped, this man is guilty and he ought to be killed, he came on; boys, take him out of the all and kill him." Such, according to Cecil Conner, a young attorney of Leesburg, in his testimony before the coroner's jury to-day, were the words used by Sam Grimes in inciting the mob to lynch Craven on Thursday.

John Lefevre was on horseback and seemed to be chief marshal of the affair, was the testimony of J. H. Leslie, a young business man of the town. "As they came out of the jail and passed under my window, I recognized Mr. Lefevre as having his hand on the prisoner's shoulder, and Mr. Bradley, who was the direct statement of T. H. Devanter, treasurer of the county.

The above are only fair samples of the evidence that has been produced before the coroner's inquest to-day. If ever members of a lynching mob have been recognized, and the authorities have been given information upon which to base a prosecution and conviction, this has been the case.

The evidence produced yesterday against Bradley K. Knipple and Grimes has been still further strengthened by the testimony of half a dozen witnesses, while that produced to-day against Charles R. Lowback and Allen Darnes has also been strong. With remarkable unanimity, the witnesses, both white men and black have identified Scott Bradley, the man masquerading under the Mosby badge, and Charles Lowback, as the two men who had brought out of jail, according to one witness, one of these men lifted the negro up while the other slipped the rope over the limb.

The only evidence produced as to who fired the shot, is that of a colored man named James Solomon, who testified that Lowback and Allen Darnes and a man on horseback were the first men to fire. Bradley and a young man named Paxson, who was mentioned yesterday, are in jail here and Charles Knipple, another man who has been strongly implicated, has been arrested in Frederick, Mr.

A WHITE MAN'S PARTY

Negroes Left Out of Republican Conventions in Alabama.

(By Associated Press.)

BIRMINGHAM, ALA., August 2.—The Republican State Executive Committee held a meeting to-day at which it was decided to call a State Convention to meet in this city on September 16, to nominate a full State ticket. The most important motion of the committee was the adoption of the following:

Resolved: That only those shall be recognized or permitted to participate in the State and County Convention and be at the meetings who are duly qualified voters under the new Constitution of Alabama.

The effect of this will be to make the Republican party in Alabama a white man's party, as under the new Constitution of the State, the negroes are practically all disfranchised.

The negro Republicans are much dissatisfied at the action of the committee, and say they will appeal to the National Executive Committee.

MRS. MEYER INJURED.

While on Broad Street Last Night Her Ankle Was Broken.

Mrs. Moses Meyer, wife of Moses Meyer, a well known merchant, doing business at the well known Broad and First Streets, was seriously injured last night while sitting in front of her husband's place of business by being struck by a stray rock, which was thrown by some unknown person. While the extent of Mrs. Meyer's injuries had not been definitely ascertained at an early hour this morning, it is thought that her right ankle was broken by the blow. She was at that time under the influence of opiates, the attending physician having taken such action in order to relieve the lady from intense suffering.

Mrs. Meyer was sitting in front of Mr. Meyer's store when several negroes became involved in a difficulty a few doors above. One of them threw a rock, it missed the mark intended, and struck the lady on the ankle, whereupon all of the negroes fled around the corner.

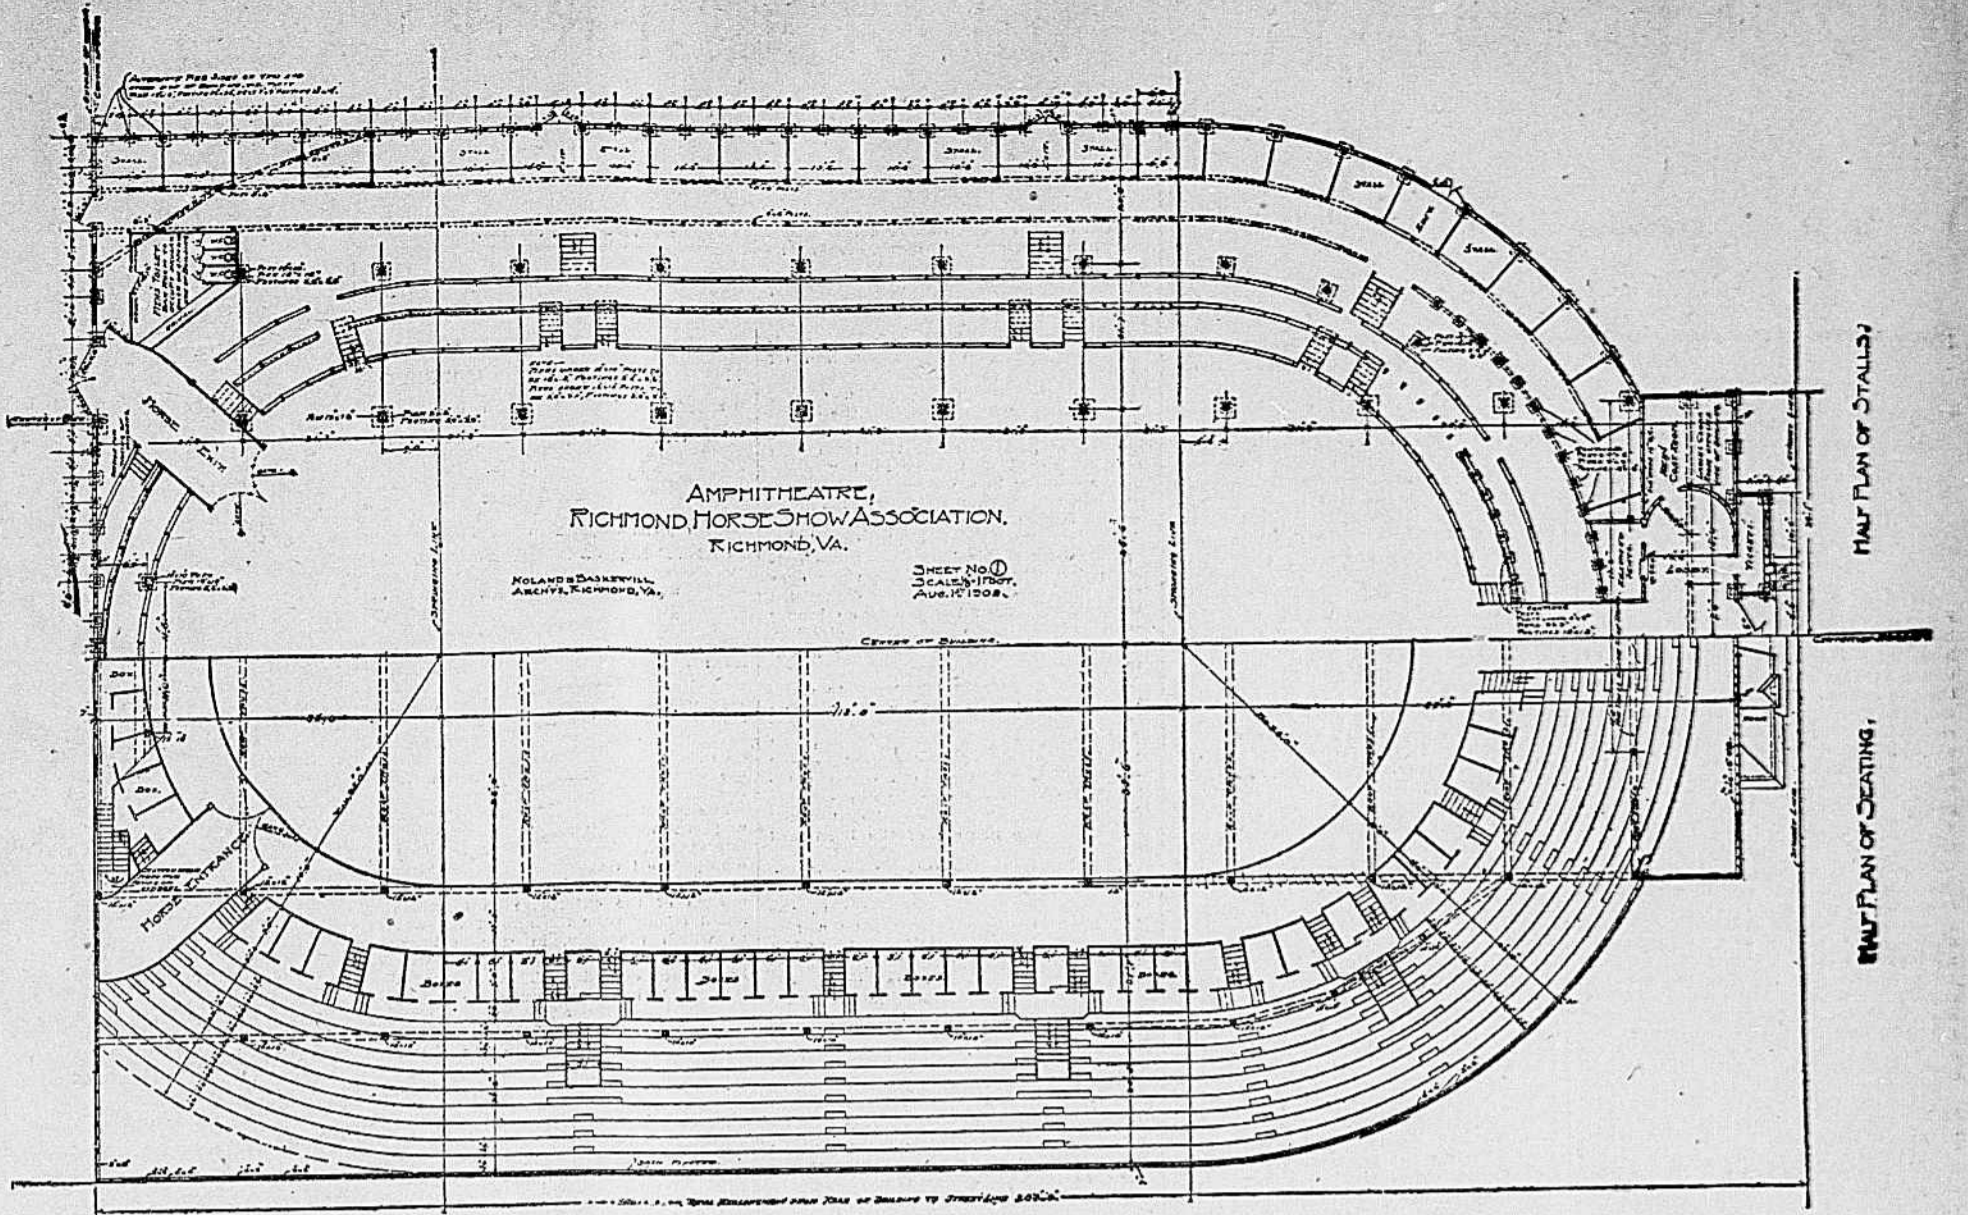

Later, Officers Wyatt, Polk and Farley arrested Frank Brown, a negro, on the charge of throwing the rock. He is at the Second Station.

Dr. Z. K. Hazen Was Hardly Expected to Live Through the Night.

A special to The Times from Bon Air late last night says:

"Dr. Hazen is as low as he can be, yet no one may live through the night. He is unconscious and there is absolutely no hope."

PLAN SHOWING INTERIOR ARRANGEMENTS OF HORSE SHOW BUILDING.

The plan above shown is divided into halves—one showing the arrangements for horses and the other that for persons. The ring is 70x182 feet around it is a promenade ten feet wide. Around this are arranged the boxes, and behind them the seats rise in tiers, all commanding an excellent view of the ring.

It is estimated that the building will seat 5,000 persons, and including standing room in the promenade and other places, will accommodate 7,500. The pitch of the center portion of the amphitheatre will be fifty-seven feet, assuring splendid ventilation.

Beneath the seats, as shown in the other half of the plan, are the stalls for the horses. These stalls are well arranged and are easily reached from the ring, the boxes or the seats.

The entrances to the ring are on either side at the rear of the building through wide gates, above which stands an extended box in which the bands will be stationed.

The feature of this building, upon which the architects and horse show people lay great stress, is the splendid provisions for throwing it open at ten great exits in case of fire. These doors are hung to open outwards, and may be reached by board stairs in every part of the building. The steps lead from the seat section as well as from the promenade and boxes.

The main entrance to the building is broad. On either side on the outside are ticket boxes, while just inside is the reserved seat box office. Here are rooms to be used as ladies' and gentlemen's cloak rooms, and beyond these, before the ring is reached, are the offices of the horse show officials.

BOARD MEMBERS

Badly Beaten—Mr. and Mrs. Jennings Abuse Their Neighbor.

Other Manchester News.

Manchester Bureau, Richmond Times,
No. 1102 Hull Street.

The report of the grand jury of the Corporation Court, censuring members of the School Board for neglect of duty, has been the general topic since it was reported on Friday afternoon.

Certain members of the School Board, whose names are mentioned, are indignant and hold that they should have been given an opportunity to appear before the jury and explain their situation before being censured.

Dr. E. T. Rucker, who is mentioned as a member of the Finance Committee, said to a local reporter that he was aware that he had been a member of this committee.

"If I was ever elected, he said, I was never notified of it."

Mr. J. W. Rudd, who was censured as a member of the same committee, made this statement last night:

There was made a member of the School Board the latter part of April, 1901. On May 23rd of that year I was put on the Finance Committee. The only warrant improperly used by Fitzgerald in the time I was on the School Board was one which he erased and raised, and erased the name of the payee and inserted another name. The warrant shows the erasures and the raising of the warrant. This warrant as raised by him was for the sum of \$40.25, and that amount was paid on it. Soon after I was put on the committee, I was called to the Finance Committee together, he being then chairman thereof. He said they did not have but one meeting of the committee each year, and that was to settle up the accounts for the year. In about three or four weeks thereafter I called his attention to this again, and told him we had to have a statement as a basis of the finances to run the schools. He said that he would get the figures and call a meeting of the committee. This he never did, but at the August meeting of the board he made a report and had his report before the board, which was accepted and filed. Being a new member of the board I did then think it proper and courteous, when I had no reason to suspect much less to apprehend that anything was wrong in the clerk's accounts, for me to do more than I did. I made this statement because my name was mentioned in the grand jury report.

John and Rose Jennings, residing on Fourth Street, will have to appear before Mayor Maurice to-morrow morning for abusing Mrs. Anne Taylor, their neighbor.

Mr. and Mrs. Jennings were summoned last night.

HIGHER AMBITION
THAN PRESIDENCY

Bryan Declares He Had Rather
Be a Private Citizen—Spoke
to Four Thousand.

(By Associated Press.)

MOUNTAIN LAKE PARK, MD., August 2.—In the presence of an audience of 4,000 persons assembled in the amphitheatre of the Mountain Lake Park Chautauquan Association, William Jennings Bryan this afternoon discussed the problems of government. Mr. Bryan prefaced his address, which was of two hours' duration, with a denial that he will again seek to become the national standard bearer of the Democratic party, his denial being contained in the following phrases: "I hope you will give me credit with possessing a higher ambition than to be satisfied with the office of President of the United States. I am too Democratic to covet an ambition that only a few in one generation can share. I prefer the honor of being a private citizen, an honor greater than that of a king."

Throughout his discussion of the momentous problem now engaging the attention of the two great political parties, Mr. Bryan occasionally tapped a vein of quiet humor that generated smiles on many countenances.

A Chicago Woman is Arrested on
Grave Charge.

(By Associated Press.)

CHICAGO, August 2.—The police have arrested Mrs. Nell Campbell, of 624 Grand Avenue, on a charge of allowing an infant to die from insufficient nourishment. It is alleged that within the last three years eight other infants have been buried from the woman's house.

Dr. Joseph Weinfeld was called to the Campbell house yesterday to attend the infant, which has since died. He found it in such a condition that the child died of starvation.

There is no evidence against Mrs. Campbell save that of a girl named Viola Campbell, but Police Inspector Wheeler, who has the case in charge, declares that he believes her story, and says that the bodies of the children that have died will be exhumed, in order to determine their number.
